

Channel 'X' Awning

BLADES
& Shades

- STRONG** - Heavy duty side channels and bottom bar make the Channel "X" one of the toughest awnings on the market.
- SIMPLE** - Crank or Motorised operation make this awning effortless to use.
- EFFECTIVE** - With strong stainless locking pins and a centre bottom bar lock, the fabric can be tensioned to resist the elements.

Channel 'X' Awning

Use your outdoor area year round with a Blades & Shades **Channel "X"** Awning. This Awning is a simple yet low maintenance solution perfect for your outdoor area. Once the bottom bar locking pins are secured, the fabric can be tensioned to hold firm in windy conditions. The heavy duty bottom bar can be stopped in almost any position giving you the flexibility to control heat, glare, wind and rain.

Large spans are possible with a **Channel "X"** using the removable post and bottom bar centre lock options. Simple crank handle operation or add a motor to make using your awning effortless. Custom powder coating is available for your channels, bottom bar, fabric cassette and installation brackets. This allows for an individually tailored awning able to blend with your outdoor area giving you that "true" custom look.
